Forward looking statements

This presentation as well as oral statements made by officers or directors of Allegiant Travel Company, its advisors and affiliates (collectively or separately, the "Company") will contain forward-looking statements that are only predictions and involve risks and uncertainties. Forward-looking statements may include, among others, references to future performance and any comments about our strategic plans. There are many risk factors that could prevent us from achieving our goals and cause the underlying assumptions of these forward-looking statements, and our actual results, to differ materially from those expressed in, or implied by, our forward-looking statements. These risk factors and others are more fully discussed in our filings with the Securities and Exchange Commission. Any forward-looking statements are based on information available to us today and we undertake no obligation to update publicly any forward-looking statements, whether as a result of future events, new information or otherwise. The Company cautions users of this presentation not to place undue reliance on forward looking statements, which may be based on assumptions and anticipated events that do not materialize.

Advantages over the typical carrier

- Leisure customer
 - Will travel in all economic conditions
 - Vacations are valued – price dependent
- Small/medium cities
 - Filling a large void
 - Increasing opportunity - industry restructuring
 - Diversity of network - minimizes competition
- Flexibility
 - Adjust rapidly to changing macro (fuel/economy)
 - Changes in capacity - immediate impact on price
 - Minimize threat of irrational behavior from others
- Low cost fleet – used aircraft
 - Match capacity to demand, highly variable
 - Relatively low capital needs, higher free cash flow
 - Can grow and return cash to shareholders
